# ABOUT US

PT ARM (Asia Recycle Mandiri) is a plastics manufacturing company located at Jl. Raya Solo–Purwodadi Km 7.8, Selokaton Village, Gondangrejo District, Karanganyar Regency, Central Java, Indonesia. We has specialized in the production of a diverse range of plastic products using HDPE, LLDPE, LDPE, and PP materials. In line with its commitment to sustainability, we actively participates in the Plastic Bag Reduction Movement. This commitment led to the establishment of “CASSANESIA,” a product brand made from bio-based starch. Cassanesia products are positioned as an alternative solution to conventional plastic products.

With a production capacity of up to 500 tons per month, we are well positioned to serve both domestic and global markets with confidence. By consistently upholding superior standards of quality and service excellence, we delivers reliable and competitive solutions to its customers. As a strong demonstration of this commitment, we has been accredited with the ISO 9001:2015 Quality Management System and the ISO 14001:2015 Environmental Management System, while fully complying with all applicable laws and regulatory requirements.

# OUR VALUES

## Our Goal

We are committed to the continuous development of ideas and concepts to generate innovative solutions, while maintaining consistency in minimizing environmental impacts arising from its production processes. Furthermore, we continuously enhances product quality, expands product diversification, and improves overall corporate performance in a sustainable and systematic manner.

## Our Mission

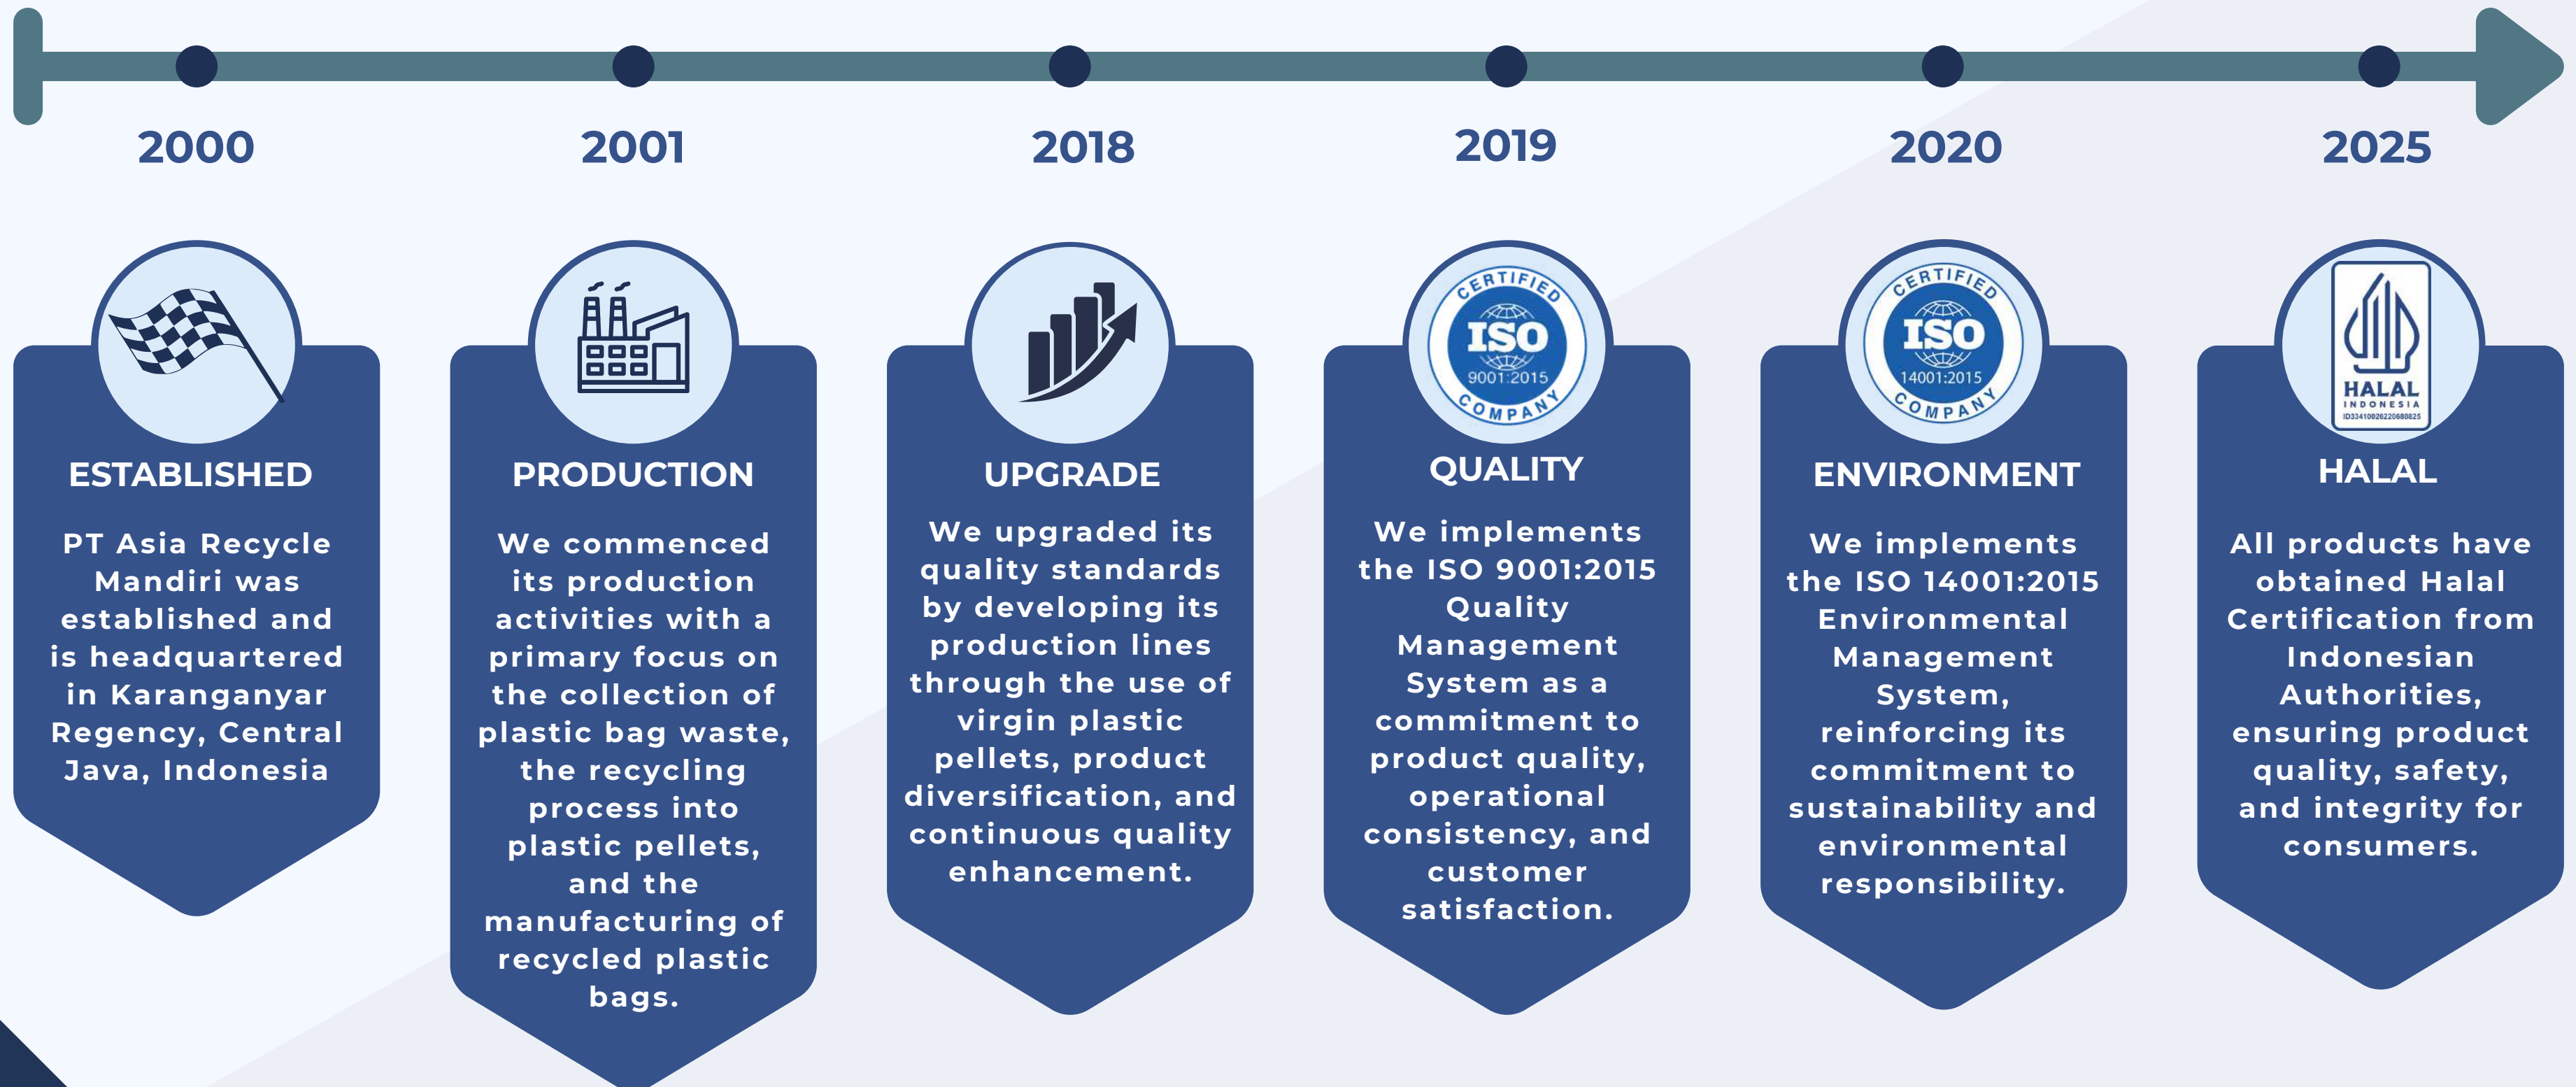

To become a leading plastics industry player by continuously improving product quality, expanding product diversification, and enhancing overall corporate performance in a sustainable manner, in order to achieve optimal performance and effectively address the challenges of competition in both domestic and global markets.

## Our Vision

To implement best-in-class quality management systems and production processes based on occupational safety and environmental impact control, through the application of ISO 9001:2015 and ISO 14001:2015 Management Systems.
